Prospective Puppy Owner Application

Thank you for your interest in our puppies. It is important for us to find the right home for our puppies.

Please complete ALL of the questionnaire below. It will help us become familiar with you, your family and your lifestyle.

We want to select the best puppy for your home so there may be many years of happiness.

We don't always have puppies available as we breed only to improve the breed and also only breed after all health test has been done on our prospective "parents" and also only if our bitches is in optimal condition. Also we have a small breeding programme and all our dogs are rasied in our home as they are our children.
